SILVER BOW MINING CORP. LEADERSHIP TO RING THE OPENING BELL AT THE NYSE

BUTTE, MONTANA — May 7, 2026 — Silver Bow Mining Corp. (NYSE American: SBMT) ("Silver Bow Mining" or the "Company") announced today that members of its leadership team will ring The Opening Bell® at the New York Stock Exchange on May 8, 2026, marking a milestone in the Company's development following its recent listing on the NYSE American.

The Opening Bell® ceremony recognizes Silver Bow Mining's transition to a U.S. national securities exchange and reflects the Company's continued focus on advancing its corporate and exploration objectives while increasing visibility within the U.S. capital markets.

"Ringing the opening bell at the New York Stock Exchange is an important moment for our company and our stakeholders. Our recent listing represents a key step in building our public company profile and broadening awareness of Silver Bow Mining as we advance our exploration activities in Butte, Montana."

TRAVIS NAUGLE — CHAIRMAN & CEO

The Company's common shares began trading on the NYSE American under the ticker symbol SBMT on April 30, 2026, following completion of its initial public offering.

ABOUT SILVER BOW MINING CORP.

Silver Bow Mining Corp. is a minerals exploration company advancing the Butte Mining District of Montana, targeting a broad suite of U.S.-designated Critical Minerals — including silver, copper, zinc, lead, manganese, germanium, gallium, antimony, bismuth, and indium — alongside gold. The Company holds approximately 4,210 acres of patented mineral claims and approximately 1,427 acres of surface lands across multiple claim blocks in this historically prolific district, including the flagship Rainbow Block, which hosts an inferred Mineral Resource Estimate of 11.48 million short tons grading 14.8 oz/ton AgEq (4.28 oz/ton Ag, 0.05 oz/ton Au, 4.59% Zn and 1.25% Pb), with an effective date of December 31, 2024. The silver-equivalent grade assumes Au \$2,500/oz, Ag \$25/oz, Zn \$1.31/lb and Pb \$0.90/lb, a 4 oz/ton AgEq cut-off and 90% metallurgical recovery. Mineral resources are not mineral reserves and do not have demonstrated economic viability; the Company has no mineral reserves.

FORWARD-LOOKING STATEMENTS

This news release contains forward-looking statements within the meaning of the U.S. Securities Act of 1933, as amended, the U.S. Securities Exchange Act of 1934, as amended, and forward-looking information within the meaning of applicable Canadian securities laws. All statements, other than statements of historical fact, that address activities, events or developments the Company expects or anticipates will or may occur in the future are forward-looking statements. Such statements involve known and

unknown risks, uncertainties and other factors that may cause actual results to differ materially. Additional risk factors are discussed under the headings "Forward-Looking Statements" and "Risk Factors" in the Company's Registration Statement on Form S-1, as amended, filed with the U.S. Securities and Exchange Commission on April 24, 2026, the Company's Canadian prospectus dated April 29, 2026, filed on SEDAR+, and in other documents filed with securities regulators. Readers are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date of the applicable release. Except as required by law, the Company undertakes no obligation to update forward-looking statements.
